In accordance with the GeM contract order, you were required to submit the requisite performance security within 21 days and enter into an agreement with the management for execution of work.

Cond..p/2

However, to date you have not submitted the performance security deposit for execution of the work.

In this regard, suitable incident has also been raised and matter has been reported to GeM authorities vide incident no. 1613575 (fails to furnish requisite performance security/ performance bank guarantee within stipulated time required as per e-bid/RA conditions).

Show cause notice has also been issued by the GeM admin on 31/05/2023, against the referred incident. You have not responded to the show cause notice issued and have failed to provide suitable reasons to not submit the performance security. A show cause notice was also issued to your firm, via mail, from the office of the undersigned, vide reference order no. SECL/GA/SO(E&M)/23-24/485 Dt. 16/06/2023, which you have failed to respond and provide justification for not submitting performance security. Besides you did not deploy any vehicle for operation against subject work order.

Accordingly, show cause notice was again served for the 3rd time through email, recognizing the principle of natural justice, a personal hearing was also offered to you to present in the office of the GM (E&M), SECL, Gevra on any working day during office hours within 21 days from the date of issue of said notice to explain regarding non submission of performance security within the stipulated period and non – commencement of work against GeM contract no. As such, you have not responded to any of the show cause notices issued and have failed to provide suitable reasons for not carrying out the work.

Non deployment of vehicle and non-submission of performance security has violated the following condition of the NIT and has attracted the following penal actions: -

a) Clause no. 11 of ATC - Security Deposit:

11.A - Performance Security should be 3% of contract value and should be submitted within 21 days of issuance of LOA/ work order by the successful bidder.

However, Company may approve submission of Performance Security beyond 21 days by another 14 days with proper justification on a case-to-case basis.

This failure on your part has restricted the movement of manpower in the field area, which is not possible without a vehicle. This is indirectly resulting in loss in coal production; however, apparent loss is difficult to quantify.

In addition, retendering of the subject work has led to the award of work at a higher rate with an additional financial impact of Rs. 1003239.00 (including GST) for 03 years.
